Ambassador Verification,

This letter is to introduce our Ms. Hawaii Becky Sampson.

She will be competing against an international field of competitors for the title of Ms. Universe on July 12th, 2023 at the Westgate Resort and Casino in Las Vegas, Nevada.

This is a serious undertaking which incurs many expenses. There is the on stage items i.e. Spectacular Evening Gown, Competition Swimsuit, Opening Number Dress – all with matching accessories. For the interview process again she will want winning interview attire. She has to be toned for the fitness segment and will probably require a gym membership and possibly some one to one personal and professional assistance. The personal interview coupled with the public speaking required sometimes need professional assistance to develop the skill sets necessary as well as to assist biography writing, and formulating a custom strategy for winning. There are also expenditures you won't see on the pageant video later on. From her current title's transportation, rooming, and meal expenses at the pageant

There are other expenses she incurs while representing her title and advocating/working for her platform. She will be making appearances and has to be dressed appropriately for each one, How will she get to and from the appearances. Meals and other things required of a working titleholder can mount up.

Thank You For Your Time and possibly Your Interest in assisting this Ambassador.

William (Bill) Hall

Owner and Executive Director
